The National HealthCare Expo

The National HealthCare Expo

Times	Name	Topic
10.25 -10.30	Chairman -Dr Alex Smallwood,Medical Director - HCML, and GP (UK)	Opening remarks
10.30 - 10.50	Tim Andrews ,COO - ORCHA	Empowering the Citizen and Clinician. The utility of apps in supporting existing and new models of care
10.50 -11.10	Ramesh Rajah,Programme Director, Central Analytics - & Steve Reiners ,Senior Business Intelligence Manager - NHS	Harnessing the power of data to support the patient, clinician and system leader
11.-10 - 11.30	Coffee Break & Networking	
11.30-11.50	Zoe Bedford, Chief Executive,ZPB Associates	What new opportunities are emerging as the NHS moves towards integrated care?
11.50 - 12.10	Ben Tipney ,MedLed	Combining Human Factors and Performance Science - creating a High-Performance Model for Healthcare
12.10 -12.30	Chris Lawer, CEO and Founder of Umio	Health Ecosystem Strategy Design: A Framework for Transformation
12.30- 12.50	Dimple Chandarana,Head of Clinical Governance - Hometouch, UK	The Importance of Patient Safety
12.50-13.10	Sarah Rickard,Network Manager - Greater Manchester Stroke Operational Delivery Network	Transforming stroke services in Greater Manchester – what's the magic?
13.10- 13.40	Lunch Break & Networking	
13.40-14.00	Nina Muirhead,Dermatology Surgeon and Medical Educator, Buckinghamshire NHS Trust	34 Million People Worldwide have this Condition and 90% are Undiagnosed
14.00-14.20	Sara Aspinall, Senior Physiotherapist - University Hospitals of Leicester NHS Trust.	A comparative feasibility study considering the use of the STAK Tool to treat arthrofibrosis patients post total knee replacement
14.20-14.40	Dr Alex Smallwood,Medical Director - HCML, and GP (UK)	Should we all have a case manager for our healthcare?
14.40-15.00	Tarryn Gorre ,CEO and Co-Founder , Kafoodle	The future of food-technology within health and social care
15.00-15.20	Coffee Break & Networking	
15.20-15.40	Ian Weinstock, Sana Commerce	Integrated e-commerce for the healthcare situation
15.40-16.00	Jo Burmester ,CEO of JoBurmester.com	The future of clinical research
16.00-16.20	Emily Webster , Mass Metrology Group , National Physical Laboratory	The revision of the International System of Units - potential impact on and benefits for healthcare research and delivery
16.20-16.25	Chairman -Dr Alex Smallwood,Medical Director - HCML, and GP (UK)	Closing remarks

Seminar 1

Mental Health & Wellbeing

Times	Name	Topic
10.25 - 10.30	Dr Noorpuri ,Founder - i-GP-Chairman -	Opening remarks
10.30 - 10.45	Danielle Simmonds,Silver Lining Training	Resilient Thinking for Peak Performance
10.45-11.00	Matt Buttery,Chief Executive - Triple P UK	"The digital parenting programme improving children's mental health and wellbeing"
11.00-11.15	Martin Clarke,Managing Director Inspire	Overcoming Barriers to Change
11.15-11.30	Coffee Break & Networking	
11.30-11.45	Ches Moulton,Stress Management Consultant	Stress Relief Techniques for Medical Practitioners
11.45-12.00	Stevie Brown,Creative Director - Wellbeing SOS Ltd	Love and Work can Co-exist together in harmony
12.00-12.15	Nick Williams ,Director - The Inspirational Learning Company	"The human dimension of leadership - How to be human and lead successfully"
12.15-12.30	Silja Litvin ,Psychologist ,CEO and Founder of PscApps	How Gamifying Mobile Mental Health Interventions Tripples Engagement
12.30-12.45	Amanda K Smith,Head of Health and Wellbeing - Mersey Care NHS Foundation Trust	The importance of mental health and wellbeing in the workplace
12.45-13.00	Mike Caulfield,Advanced Nurse Practitioner for Acute Care - Cheshire and Wirral Partnership NHS Foundation Trust, UK	Implementing Red2Green methodology within mental health inpatient care
13.00- 13.45	Lunch Break & Networking	

Digital Health

Times	Name	Topic
13.45-14.00	Dr Ibrat Djabbarov,Principal Consultant - Global Digital Health	"Implementing digital health technologies in international markets: challenges and considerations"
14.00-14.15	Dr Nigel Whittle,Head of Medical & Healthcare - Plextek Ltd, UK	"The Future Impact of Artificial Intelligence on Medical Practice"
14.15-14.30	Dan Mayer ,Sales & Business Development, Opencell Ltd, UK	Why mobile phone coverage is essential in healthcare environments
14.30-14.45	David Wortley FRSA,Vice President of ISDM	Disruptive Digital Technologies and the future of Medicine
14.45-15.00	Gary McIntosh,Head of Learning and Development,people group	AI/Machine Learning/Big Data: Technology's increasingly vital role in health care, the benefits and unintended consequences
15.00-15.15	Coffee Break & Networking	
15.30-15.45	Dr Noorpuri ,Founder - i-GP	i-GP: An Asynchronous Care Model in the UK – Our Journey so Far
15.45-16.00	Masood Sahibzada,Performance Marketing Manager - Raremark	Digital Marketing direct impact on the Healthcare
16.00-16.05	Dr Noorpuri ,Founder - i-GP-Chairman -	Closing remarks

All presentations/timetables are subject to change. Please check with onsite event timetable on the day.

Seminar 2

Business & Technology

Times	Name	Topic
10.25 - 10.30	Chairman	Opening remarks
10.30 - 10.45	Isobel Finnie, UK and European Patent Attorney Partner, Haseltine Lake LLP	Securing Your Robust Intellectual Property (IP) Position
10.45 - 11.00	Adrian Spurrell, Executive Director Learning & Development - The Red Thread Partnership	The 7 Steps to Frontier Leadership – An Introduction
11.00-11.15	Bob Clarke, Consultant, Manufacturing Excellence	The Analytics Foundation of Your Industrie 4.0 Journey
11.15 - 11.30	Coffee Break & Networking	
11.30-11.45	Deborah Wyatt ,Director ,TalkHealth	How educating and empowering patients and caregivers to take more control of their own health can lead to better health outcomes and cost savings for the NHS.
11.45-12.00	Vanessa Champion, PhD AMRSPH, Director and CEO	When Nature Calls" - one simple way to save you money, retain staff and improve patient experience.
12.00-12.15	Olivier Gilkinet, M&A Research Analyst ,Mergermarket - United Kingdom	Trends in Mergers & Acquisitions
12.15-12.30	Rachael Pearce, Senior Patient Experience & Engagement Officer - Hull and East Yorkshire Hospitals Trust	Believe in the young people and the magic will happen
12.30-12.45	Peter Sharpe ,Bid Manager/Writer ,AM Bid Services Ltd	How to bid and win the in health and science sectors
12.45-13.00	Phil Hearn, Director, CX Zebra and MRDC Software	Monitoring and reacting to the patient experience
13.00-14.00	Lunch Break & Networking	
14.00-14.15	"Matt Appleton, Director & Sheetal Head of R&D Tax Credits – Central Region". RSM UK Tax and Accounting Limited"	Tax Breaks for Innovation
14.15-14.30	Chairman	Closing remarks

All presentations/timetables are subject to change. Please check with onsite event timetable on the day.

Speakers

Adrian Spurrell - Executive Director
Learning & Development
The Red Thread Partnership

Adrian has a strong belief that people have the capacity to change and excel but frequently lose sight of this; and Red Thread is a business that helps people believe in themselves and become the best they can.

Dr Alex Smallwood
Medical Director
HCML, and GP (UK)

Alex is a qualified GP and continues to practice alongside his role with HCML. He has a broad background in healthcare delivery and policy; including working with CCG's on service redesign and creation, in particular those requiring complex or Multi-Disciplinary Team inputs.

Alexandra Furber
Researcher
Crystallise Ltd. United Kingdom

Alexandra has a BSc in Biomedical Science from Royal Holloway University London and an MSc in Biomedical Science specialising in microbiology from Kingston University.

Amanda K Smith
Head of Health and Wellbeing
Mersey Care NHS Foundation Trust

Amanda is Head of Health and Wellbeing for Mersey Care NHS Foundation Trust (MCFT). As part of her role Amanda is the clinical lead for MCFT's multidisciplinary Health and Wellbeing @ Work Service.

Ana Quinn
Medical Information & Sterilisation
Specialist - Brightwake Ltd.

I started my career in 2015 by working within pharmaceutical and food testing, moving on to medical devices in 2017 where I have had the opportunity to witness the benefits honey can have within wound management.

Dr. Andrew Kemp
Principal Scientific Officer -
Q Technologies group

His specialist area of research is testing for bio burden, long term disinfection and decontamination and he is considered to be a global authority in this subject. His current roles include PSO for The Q group of companies, the IP&CO for multiple Healthcare companies also delivering training and research outcomes.

Andy Worsick
Applications Manager – EMEA Region
Air Techniques International

Andy is a science graduate with a history in application engineering and technical sales. He has 10 years experience in the clean air industry and supports customers and distributors in the UK and in the EMEA region. He specialises in HEPA filter testing equipment and particle counters.

Andrew Ede
Director & Co-owner
eg technology Ltd.

Andrew Ede co-founded eg technology in 2002 with his business partner Danny Godfrey. Andrew brings specialists skills in microfluidics and fluid handling, diagnostics and novel manufacturing methods as well as an understanding of the complexities of the product development process.

Ben Tipney
Founder and Managing Director
Med-Led

Ben is a former international athlete and highly successful professional coach and trainer, representing the Great Britain rowing team at a number of world championship events. He now develops personal and professional performance programs, utilising his experience as an athlete and coach in high-level sport.

Claire Lockie-Williams
Higher Scientist
BP-NIBSC

Claire Lockie-Williams is a member of the BP-NIBSC Herbal team, currently employed at NIBSC and working as part of the British Pharmacopoeia on the elaboration of Herbal Monographs. Her specialist subject within the Laboratory three-tier approach is the use of DNA barcoding for the identification and authentication of Herbal Medicines.

Ches Moulton
Stress Management Consultant

Ches has more than 25 years global experience as a Stress Management Consultant, Executive Life Coach, Psychotherapist, and Trainer. This includes working with people and organisations to understand and address complex personality and relationship issues.

Chris Lawer
CEO
Umio

Chris helps to advance perspectives on value and its sustained co-creation in health, care and related social ecosystems through complexity thinking, multi-disciplinary design frameworks and advanced adaptive methods.

David Wortley
President European Chapter of the International
Society of Digital Medicine (ISDM)

David Wortley is a Vice President of the International Society of Digital Medicine (ISDM) and the Founding President of the European Chapter of ISDM. He is a recognised global authority on the practical application of emerging and enabling technologies in areas such as health, environment, business development and education.

Dan Mayer
Sales & Business Development
Opencell Ltd, UK

Dan is part of the Sales and Business Development team at Opencell Ltd; the UK's first legal, multi-operator solution provider using small cell technology. Dan has worked for two of the four UK mobile operators and for some of the top suppliers to the industry for over 18 years

Daniel Howell
European RTC Manager
STERIS

Daniel joined the Graduate Management Scheme with STERIS in 2015, which constitutes an opportunity to explore different sections of a globally growing business. The 2-year graduate programme aims to encourage exposure to several business functions within STERIS, helping to develop and nurture skills for a future leader in the Organisation

Danielle Simmonds
Director
Silver Lining Training

Danielle has over 20 years' experience in the health sector as a trainer, facilitator and designer of interactive learning and development programmes. These have enabled individuals and teams to improve psychological health, well-being, resilience and performance.

Deborah Wyatt
Director
Talk Health Digital

Deborah Wyatt is the Founding Director of Talkhealth, a leading UK patient community providing information & support for people with chronic health conditions. Collaborating with pharmaceutical & healthcare companies, NHS, charities & medical professionals, Talkhealth develops sustainable patient programmes & solutions.

Dimple Chandarana
Head of Clinical Governance
Hometouch, UK

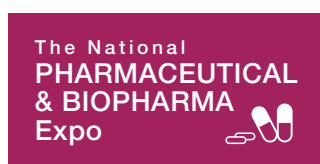

Dimple is an energetic, passionate and determined individual with a love of Governance and all things quality. Dimple started her career in healthcare in 2011 where she began working for a local Primary Care Trust in Leicester and then moved to Leicester City CCG in 2013 where her passion for Governance developed.

Dr. Elijah Nazarzadeh
RSE Unlocking Ambition Fellow
University of Glasgow

Dr. Elijah Nazarzadeh graduated from King' College London with a PhD in Fluid Mechanics after which he joined Phillips Hydrocolloids research centre providing consultation service. He is currently an RSE Unlocking Ambition Fellow at University of Glasgow, leading the commercialization of his project on acoustic nebulizer.

Speakers

Emily Webster
Research Scientist
National Physical Laboratory

Emily Webster joined the National Physical Laboratory (NPL) in 2017 as a research scientist in the Mass Metrology group. Previously she worked for H&D Fitzgerald Ltd, a leading laboratory in the field of density metrology. She is currently involved with NPL's Next Generation Kibble balance project which feeds into the international effort to redefine the SI unit of mass, the kilogram.

Rev.Professor.Dr. Eugene N.Y. Dugbartey
Director/Consultant
Denny Med-Pharm Centre

Experienced Director/Consultant with a demonstrated history of working in the pharmaceutical and medical industries as a talented creative research scientist as a result of his earlier inventions in the primary school of the various preparations of medicinal and nutritional supplements through herbs and into the chemical state at the secondary school level, which challenged him to go ahead and study all the sciences.

Ewa Gabzdyl
Medicines Management Pharmacist &
Medical Adviser - The IBS Network

Ewa has a wealth of experience and currently works as a community pharmacist within the Medicines Management Team at Sheffield CCG, which includes support for GP practices.

Ian Weinstock
Sales Manager UK & Ireland
Sana Commerce

Ian is the Regional Sales Manager for UK and Ireland within Sana Commerce and has worked within the IT and computer software industry since 2016. He previously worked as a Corporate Account Director after progressing through the ranks at dotmailer where he spent 8 years.

Dr Ibrat Djabbarov
Principal Consultant
Global Digital Health

Trained in medicine and global health policy, Ibrat brings experience of leading large digital health transformation projects working across multiple healthcare markets. He offers expertise in global digital health strategy, market evaluation, and execution.

Isobel Finnie
UK & European Patent Attorney Partner
Haseltine Lake LLP

Isobel has over 18 years experience as a patent attorney and IP strategist in the life science and biotechnology sectors. She handles a variety of life science technologies, especially in the fields of biotechnology and biochemistry.

James Clark
UK & Ireland Sales & Product Manager
High Purity Gas Systems , GCE UK

15+years in the speciality and medical gas business. Working for this time in calibration gases, gas equipment for the gas majors- BOC, Air Liquide, and Air Products. Currently UK Sales & Product Manager for GCE , a leading supplier of gas control equipment.

Dr. Jennifer Cham
Lead User Experience Designer
European Bioinformatics Institute UK

Dr. Jenny Cham is a proteomics scientist turned User Experience (UX) Designer, who founded the UX design capability at the European Bioinformatics Institute in 2009. She believes that well designed scientific software leads to more productive researchers and a more efficient R&D process. She blogs about UX design and science at jennycham.co.uk

Jennifer O'Farrell
Partner
Boulton Wade Tennant LLP

Jennifer is a Chartered Patent Attorney and European Patent Attorney in the Biotech and Life Sciences team at Boulton Wade Tennant LLP. She has experience prosecuting patent applications before the European Patent Office and UK Intellectual Property Office across the life sciences sector.

Jo Burmester
CEO - JoBurmester.com

Jo Burmester is a very experienced trainer who has designed and delivered clinical research training for more years than she's prepared to admit to in writing. She works with a wide range of clients and is considered an expert in GCP, but her passion is making GCP interesting and relevant.

Dr John Andrews
Director
Clairret Scientific Ltd

John founded Clairret Scientific in 1994 with a mission to move spectroscopic analysis out of the lab and into manufacturing making measurements on-line at at-line. Fast, in-situ measurements enable more precise control of processes leading to increased yields, consistently higher quality and enhanced safety performance.

John Faulkes
Practice Lead, Life Science Leadership
Volt Pharma Associates

John began his career in the Pharma industry as a scientist, then as an HR learning and development Business Partner. He left employment some 20 years ago to work as consultant, providing organization development and team building services, personal skills training and instructional design / coordination.

John Watson
Business Development Manager
TTP Ventus

John has over 24 years' experience in the micro pump industry and wealth of experience in medical and life science applications. He has assisted many companies in the selection of their pump technology and uses his many years of experience to support the design process.

José Canga Rodríguez
Project Manager
KAM Pharma & Life Science

José Canga Rodríguez joined EnviroChemie in 2008 as Technical Assistant to the CEO. EnviroChemie is a leading company in the field of water and wastewater treatment technology. Since 2011 he is a Key Account Manager, providing the pharmaceutical and life sciences industry with a customised portfolio of water and wastewater solutions for industrial and research facilities.

Julian Ranger
Chairman & founder
Digi.me

Julian Ranger founded digi.me, which puts individuals at the centre of their digital life, owning and controlling their own data. An aeronautical engineer specialising in interoperability and the military internet, Julian started his first company in 1987 and grew it to a major multi-national business before selling to Lockheed Martin.

Kathryn Riley
Wor(l)d Official Distributor
Wor(l)d Global Network

Kathryn is an experienced Human Resources Director, and a Chartered Fellow of the CIPD and an accredited coach, mentor and mediator.

Keith Beattie
Life Science Lead - EEC02 - Energy
Efficiency Consultancy Limited

Cleanrooms are some of the most energy intensive spaces. Maintaining the right environment is critical for product quality. This brief talk will summarise current state and opportunities for the future. It will also give some tips and advice on how you can reduce cost, energy and maintain critical product quality requirements in a cost-effective way.

Keith Spilsbury
Strategic Director
Woolcool

Keith Spilsbury is Strategic Director of The Wool Packaging Company and a major shareholder. He has over 30 years' experience in sales and marketing, having held senior UK and European management positions with international companies such as David S. Smith PLC, Cookson PLC and Perstorp AB.

Speakers

Lester Young
Business Development Manager
Clearflea Group Limited

Lester has over 30 years experience in Industrial Water Treatment, providing solutions for process water, waste water and recycling and reuse projects. After graduating as a Chemical Engineer Lester has worked for some of the major Water Technology providers, developing and implementing water solutions across a wide range of industries.

Liz Ashall-Payne
CEO
ORCHA

Initially a Speech and Language Therapist, Liz has almost 20 years NHS experience. She has successfully led innovative change and service transformation in complex health economies.

Martin Clarke
Managing Director
Inspire Change

Martin founded Inspire Change in 1999 after spending most of his working life fulfilling sales, marketing and training roles for some of the top twenty pharmaceutical companies.
